Introduction

The mission of the Post Polio Support Group is to create awareness and to provide information regarding the late effects of Polio among Polio Survivors, statutory agencies and the wider medical profession, and to ensure that the needs of Polio Survivors relating to their condition are met to enable them to live with dignity.

The Post Polio Support Group (PPSG) was established for Polio Survivors by Polio Survivors. The Group was formed in 1993 and is run by a voluntary Board of Polio Survivors and volunteers. It is supported by voluntary committees, active members and a small executive staff at the office in Dublin. PPSG is the only organisation in Ireland providing practical support to those unfortunate enough to have contracted Polio. The Group currently has 926 members across the country.

PPSG assists Polio Survivors by providing aids to daily living; stair lifts, callipers, bespoke footwear, electric scooters and wheelchairs. The Group also helps Survivors access Physiotherapy, Occupational Therapy and Respite Breaks, and it provides those who need it with assistance with their heating bills. The Group employs two Service & Information Co-ordinators who provide information, respond to requests for assistance from members and, perhaps most importantly, provide a listening ear to Survivors in need.

PPSG has a network of 22 social support groups around the country and also offers a telephone support service for those members who have difficulty in attending meetings.

The Group works tirelessly to:

- Create awareness of Post Polio Syndrome
- Provide information on Polio and its late effects
- Ensure the needs of Polio Survivors relating to their condition are met to enable them to live with dignity

Any of the estimated 7,000 Polio Survivors in Ireland can contact the Group for support irrespective of whether they are a member or not.

Funding for the Post Polio Support Group is provided by the Health Service Executive; Department of Environment, Community & Local Government; the Polio Fellowship of Ireland; The National Lottery and various grants from statutory and private bodies and fundraising by members, families and friends.

Organisational Structure

Chairperson's Report

Last year was another busy year in the life of the Post Polio Support Group. The main focus for the Board has been the drawing up of a new Strategic Plan which will cover the 3 years 2017 to 2019. Preparing the plan provided an opportunity for us to review many aspects of our governance and organisational activities. The overwhelming priority of the plan is to sustain the Organisation into the future.

We were required to make some changes to our governing document now called a Constitution. While some of the changes were required by company law it also presented an opportunity to make other changes that we considered necessary for the future sustainability of the Organisation. One of these was that Directors should be elected on a regional basis with the intention that all parts of the country would be represented on the Board. Another was that we create a new category of Board Nominated Director that would enable us to appoint people from outside the Organisation with the skills and experience that we need to meet our responsibilities and continue our work.

Our staffing structure has been configured to fulfil our management and administration duties as well as providing services to individual members and performing other activities to meet the needs of Polio Survivors. We have appointed two new staff members in the past year. They are Sheila Cullinan, Accounting & Administration Support Officer, and Niamh Murphy, Member and Volunteer Recruitment Officer.

Our Audited Accounts for 2016 show that we made a small profit which is a very satisfactory state of affairs for the Group. This has been achieved by good governance and prudent management by our Treasurer, Pat McGillion, and the staff.

The figures reflect on-going stability in our finances for the last few years following the significant reductions in our statutory funding between 2010 and 2014.

However we were very disappointed that our application to the Department of Environment, Community & Local Government for an SSNO grant was unsuccessful. For several years this grant has funded two vital part-time roles for the organisation. The loss of these positions would have been catastrophic for the organisation. Thankfully we were able to agree a temporary funding arrangement with the Polio Fellowship of Ireland/Rehab Group which allowed us to continue these roles for a year. Funding for these positions presents a serious challenge for the organisation in the coming year.

Communicating with our members is vital to our work. In addition to the Survivor magazine, our website and social media we started last year to issue a monthly ezine or electronic newsletter to members and we have also developed a text service which should be very helpful in communicating with members who are not online.

This will be my last annual report as Chairperson as I have almost completed the maximum term allowed for a person to occupy this position. It has been an honour to serve the Organisation in this capacity and I would like to thank all those who have supported me during this time. There are many different roles within this Organisation . no role or individual is more important than any other . it is the coming together of all the various aspects in a spirit of cooperation, mutual respect and good will that makes it possible for us to continue our work.

CONFERENCE AND ANNUAL GENERAL MEETING

Crowne Plaza Hotel, Blanchardstown 23rd May 2016

The 2016 Conference and AGM took place on Monday 23rd May, in the Crowne Plaza, Blanchardstown, with over 170 members and guests enjoying the busy agenda as well as meeting up with fellow polio survivors from around Ireland.

The first item of the day was a presentation by Shirley Keane (Business Planning and Development Manager, Primary Care Division) of the HSE, who delivered an overview of Primary Care Management and changes that are coming down the line.

Primary Care which includes GPs, physio and other therapy services, home help and public health nursing is the cornerstone of health policy and Polio Survivors will increasingly depend on primary care services in the community.

Arrival at the Conference

While the information wasn't specifically tailored for Polio Survivors it gave insights into key developments that are planned for services. Additionally, the process of seeking a speaker in this area, has opened up new channels of communication between PPSG and the HSE which should assist us in the future in terms of information and advocacy.

After lunch the Annual General Meeting began, with reports presented by the Chairperson, Company Secretary and Treasurer, followed by Q&A. At the end of the AGM, newly elected Senator, and PPSG member, John Dolan spoke. He welcomed the development of our new Networks, particularly our Publicity & Campaigning Network and commented that disability organisations need to be doing more of this type of campaigning.

Senator John Dolan

After John's warmly welcomed address, we had a pre-recorded message from Patrick Cockburn, journalist and Polio Survivor. Patrick was to be with us on the day but due to his occupation as a foreign correspondent, he was called away . so instead he sent a heartfelt message to members, talking briefly about his own Polio experiences, via Skype.

We then launched the new website, with an overview of the homepage and other important areas on the site, from Emma Clarke Conway, Development Officer.

Emma explained that we needed a site that could be consistently updated and we now have a format that can be changed from the office as opposed to having to go back and forth to a designer, making it more efficient and useful.

Kerrie Donegan, Pauline Keyes and Hugh McHugh

After the website launch was a presentation from Peadar Ward, Regional Development Officer on the new Networks and how this process is progressing.

Following the Networks update, Swords Support Group member Tony O'Connor, a Sean Mac Diarmada enthusiast, spoke about the life of the 1916 signatory, also a Polio Survivor.

To round off the afternoon, Dublin City Rambler, singer and musician, Sean McGuinness gave a rousing mini ballad session, including *Grace* and a DCR stalwart, *Rare Auld Times* to end what was a bumper packed and informative afternoon.

A big thank you to all of our speakers and helpers . including stewards, Liam, Ger and Richard as well as Terry and Anne for running the book stand.

Thanks also to the Crowne Plaza Hotel for a very accommodating and well-run venue and of course to all those who were able to attend.

Scooter Scramble at Mondello Park for World Polio Day!

Rally Drivers and Polio Survivors at Mondello for our Scooter Scramble

Mondello played host to the first ever World Polio Day Scooter Scramble, on Sunday 23rd October, during the lunch hour of the Irish Rallycross Championship on the Straight at Mondello Park.

It is not often that Rallycross drivers are pitched against Mobility Scooter drivers . but we did it, with hilarious results. The Rally driver heat was won by European Champion Derek Tohill, adding Scooter Scrambler to his winning titles.

We were doubly thrilled to have special guests Ciaran Kilkenny and James McCarthy of the Dublin football team and the much revered *Sam Maguire* to Mondello . with the Dubs taking part in the final heat of the Scooter Scramble.

To add to the success of the day our intrepid volunteers circulated the crowd collecting funds which will assist with our Winter Heating Grant for those polio survivors who struggle with the high cost of heating bills every winter.

The fantastic amount " 476.50 was raised at Mondello, with thanks to all our volunteers, the staff and the spectators who were so generous.

These supports are administered by the Service and Information Co-ordinator (SIC) Lillian McElvaney and the Assistant SIC, Kerrie Donegan. The Post Polio Support Group would like to gratefully acknowledge the financial support of the HSE in particular, a variety of other grant making trusts and our fundraisers who make this invaluable support to our members possible.

Membership of the Group stood at 926 people at the end of 2016. The PPSG carries out a number of interventions with Polio Survivors each addressing an aspect of the deterioration in their functional abilities, in so far as is practicable. Each intervention provides incremental redress of the loss of functional ability. The intervention originates with formal self-assessment by the Polio Survivor followed by contact assessment from an SIC.

In addition the Group provides supports to those with needs arising from unforeseen circumstances and responds appropriately. The Services and Information Co-ordinators work cooperatively with HSE frontline staff and other professionals to ensure that the intervention is appropriate to the individual Polio Survivor and arranges supply of the required supports as promptly as possible.
